Pool Maintenance Schedule:

Daily:

- ✓ Check Bromine and pH water chemical levels.

Weekly:

- ✓ Check Bromine tablet level in Brominator. Add 3-5 tablets to keep Bromine level 3.0-5.0
- ✓ Shock Pool with Lithium Hypochlorite Shock.
- ✓ Check Alkalinity and Calcium Hardness water chemical levels.

Monthly:

- ✓ Test the main GFCI breaker.
- ✓ Clean or change the pool filter. Take old filter out to clean and replace with second filter. Alternate until replacement needed.

Quarterly (or as usage dictates using bather load formula):

- ✓ Drain and clean the pool.
